

STANDARD INFORMATION

Standard: UL 763

Standard ID: Motor-Operated Commercial Food Preparing Machines [UL 763:2018 Ed.5+R:10Jul2023]

Previous Standard ID: Motor-Operated Commercial Food Preparing Machines [UL 763:2018 Ed.5+R:04Nov2022]

EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

Effective Date: **July 10, 2025**

IMPACT, OVERVIEW, AND ACTION REQUIRED

Impact Statement: Per our accreditation, Intertek is required to review reports against the standard revisions to confirm compliance. Once compliance is confirmed, the standard reference in the report is updated to show continued compliance to the technical requirements of the standard. Reports not updated to this version by the effective date above will be withdrawn.

Overview of Changes: Provided Replacement Instructions in Marking and Instruction Manual to the Appliance Provided with a Detachable Cord Set. Specific details of new/revise requirements are found in table below.

Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.

STANDARD INFORMATION

CLAUSE	VERDICT	COMMENT
12	Info	Supply Connections
12.1	Info	Cord-connected machines
12.1.1	Info	General
		The flexible cord shall be:
12.1.1.3	Info	a) Type SJ or heavier cord, b) Not less than 5 feet (1.52 m) long, and c) Attached to the machine.
		Exception: A machine that is not required to be provided with a grounding conductor may be provided with a separate detachable power-supply cord having means for connection to the machine and a length of not less than 5 feet (1.52 m).
	Info	MARKINGS
63	Info	Details
63.4	Info	Cautionary marking
		<i>New clause added;</i>
63.4.9		With reference to the Exception of 12.1.1.3, when an appliance is provided with a detachable cord set, the appliance shall be marked the substance of the following with a warning label "CAUTION – Risk of fire and electric shock. Use only manufacturer's power cord set.". The marking shall be located adjacent to the power supply cord receptacle on the appliance and be included in the manufacturer's literature packaged with the appliance as required in 65.7. When space limitation on the appliance prevents the use of a warning label, a cord tag is acceptable.
65	Info	Instructions
		<i>New clause added;</i>
65.7		With reference to the Exception of 12.1.1.3, when an appliance is provided with a detachable power cord, the manufacturer's literature packaged with the appliance shall include the substance of the following warning "CAUTION – Risk of fire and electric shock. Use only with the original equipment manufacturer's power cord set." The manufacturer shall also provide the recommended power cord set for replacement purpose in the user instructions.
